The Notice of Annual Meeting of Stockholders and the proxy statement that follow describe the business to be conducted at the meeting. We may also report on matters of current interest to our stockholders at that meeting.

We are pleased to be furnishing these materials to our stockholders via the internet. We believe this approach provides you with the information that you need while expediting your receipt of these materials, lowering our costs of delivery, and reducing the environmental impact of our annual meeting. If you would like us to send you printed copies of our proxy statement and accompanying materials, we will be happy to do so at no charge upon your request. For more information, please refer to the Notice of Internet Availability of Proxy Materials that we previously mailed to you on or about April 7, 2017.

You are welcome to attend the meeting. However, even if you plan to attend, please vote your shares promptly and prior to the meeting to ensure they are represented at the meeting. You may submit your proxy by internet or telephone, as described in the following materials, or, if you request printed copies of these materials, by completing and signing the proxy or voting instruction card enclosed therein and returning it in the envelope provided. If you decide to attend the meeting and wish to change your proxy, you may do so automatically by voting in person at the meeting.

If your shares are held in the name of a broker, bank, trust or other nominee, you may be asked for proof of ownership of these shares to be admitted to the meeting.

We thank you for your support.

Sincerely,

Proposal 1	Election of directors	FOR each nominee	Page 20
Proposal 2	Advisory vote to approve executive compensation	FOR	Page 24
Proposal 3	Ratification of appointment of Ernst & Young LLP as independent registered public accounting firm	FOR	Page 25

[Table of Contents](#)

Our executive compensation program is designed to drive and reward superior corporate performance, both annually and over the long-term. The Board believes the Company's compensation policies and practices are effective in achieving the Company's goals of paying for performance and aligning the NEOs' long-term interests with those of our stockholders. Compensation elements for our NEOs include:

<u>Type</u>	<u>Form</u>	<u>Terms</u>
Cash	Base Salary	Competitively market-based
Cash	Annual Incentive Compensation	Based on achievement of board-approved performance goals
Equity	Performance-based Incentive Awards	Annual equity awards to our NEOs have a two-year service period and board-approved performance goals that span a one year performance period. Beginning in 2016, all equity awards to executive officers are subject to achievement of at least two performance goals.
Other	No Perks	Our executive officers do not receive any perquisites that are not offered generally to all employees (such as 401(k) match and company-paid disability and life insurance benefits)

Proposal 3: Ratification of Independent Registered Public Accounting Firm

Ratify the selection of Ernst & Young LLP as the Company's independent public accounting firm for the 2017 fiscal year.

The following table sets forth the aggregate fees for audit services provided by Ernst & Young LLP as well as PricewaterhouseCoopers LLP for the years ended December 31, 2016 and December 31, 2015. Because we changed auditors from PricewaterhouseCoopers LLP ("PWC") to Ernst & Young LLP ("EY") in May 2016, we have included the fees charged to us by both accounting firms in the table below.

	2016		2015
	EY	PWC	PWC
Audit fees(1)	\$ 1,398,936	\$ 359,339	\$ 1,569,294
Audit-related fees(2)	—	—	—
Tax fees(3)	—	220,151	283,334
All other fees(4)	—	2,970	2,600
Total fees	\$ 1,398,936	\$ 582,460	\$ 1,855,228

- (1) Consists of fees billed for professional services rendered in connection with the audit of our consolidated financial statements, review of our quarterly consolidated financial statements and services that are normally provided by our independent registered public accounting firm in connection with statutory audit and regulatory filings or engagements.
- (2) Consists of fees billed for professional services rendered for consultations concerning financial accounting and reporting standards.
- (3) Consists of fees billed for professional services for tax compliance and tax advice.
- (4) Consists of a subscription for a proprietary reference library.

Other Matters

The management and Board of Directors of the Company know of no other matters to be brought before the meeting. If other matters are properly presented to the stockholders for action at the meeting or any adjournments or postponements thereof, it is the intention of the proxy holders named in this proxy to vote in their discretion on all matters on which the shares of common stock represented by such proxy are entitled to vote. The entire cost of this solicitation of proxies will be borne by the Company, including expenses incurred in connection with

[Table of Contents](#)

preparing, assembling and mailing the Notice. The Company may reimburse brokers or persons holding stock in their names or in the names of their nominees for their expenses in sending the proxy materials to beneficial owners who request paper copies. Certain officers, directors and regular employees of the Company, who will receive no extra compensation for their services, may solicit proxies by mail, telephone, facsimile, email or personally.

More Information about Proxies and Voting

Proxies

A proxy is your legal designation of another person to vote the stock you own. The person you designate is your “proxy,” and you give the proxy authority to vote your shares by submitting the enclosed proxy card or, if available, voting by telephone or over the Internet. We have designated our Chief Executive Officer, Christopher M. Carrington; our Chief Financial Officer, Robert N. Pinkerton; and our General Counsel, Patricia A. Elias; to serve as proxies for the annual meeting.

Proxy Materials

We have elected to deliver our proxy materials electronically over the internet as permitted by the rules of the SEC. As required by those rules, we are distributing a notice of internet availability of proxy materials to our stockholders of record and beneficial owners as of the close of business on March 20, 2017. On the date of distribution of the notice, all shareholders and beneficial owners will have the ability to access all of the proxy materials at the URL address included in the notice. Additionally, the notice of annual meeting, proxy statement, and annual report are available on our website by visiting <http://ir.servicessource.com/>. These proxy materials are also available at no charge upon request. Please refer to information included in the notice of internet availability of proxy materials for additional information.

Voting Your Shares

Each share of our common stock issued and outstanding as of the close of business on March 20, 2017, the record date for the 2017 annual meeting of stockholders, is entitled to vote on all items being considered at the 2017 annual meeting. You may vote all shares owned by you as of the record date, including (i) shares held directly in your name as the stockholder of record and (ii) shares held for you as the beneficial owner in street name through a broker, bank, or other nominee. On the record date, we had 88,515,695 shares of common stock issued and outstanding.

For all matters described in this proxy statement for which your vote is being solicited, each holder of shares of common stock is entitled to one vote for each share of common stock held by such holder as of the record date.

Stockholder of Record and Beneficial Owners in Street Name

Many of our stockholders hold their shares as a beneficial owner in street name through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Wells Fargo Shareowner Services, you are considered with respect to those shares the *stockholder of record* and these proxy materials were sent directly to you by us. As the *stockholder of record*, you have the right to grant your voting proxy directly to our designated proxies or to vote in person at the annual meeting. We have enclosed a proxy card for you to use with the printed proxy materials delivered to you. You may also vote on the Internet or by telephone.

[Table of Contents](#)

Beneficial Owner

If your shares are held in an account at a brokerage firm, bank, or other similar organization, you are considered the *beneficial owner* of shares held in street name, and the notice of annual meeting, proxy statement and annual report were forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, or other nominee how to vote your shares, and you are also invited to attend the annual meeting.

Because a beneficial owner is not the *stockholder of record*, you may not vote your shares in person at the annual meeting unless you obtain a legal proxy from the broker, bank, trustee, or nominee that holds your shares giving you the right to vote the shares at the meeting. If you are a beneficial owner and do not wish to vote in person or you will not be attending the annual meeting, you may vote by following the instructions provided by your broker or other nominee.

ServiceSource's Transfer Agent

You may contact our transfer agent by mail at Wells Fargo Shareowner Services, 1110 Centre Pointe Curve, Suite 101, Mendota Heights, Minnesota 55120, or by telephoning (800) 468-9716.

Attending and Voting at the Annual Meeting

You are entitled to attend the annual meeting only if you were a stockholder as of the record date or you hold a valid proxy for the annual meeting. If you are not a stockholder of record but hold shares as a beneficial owner in street name, you should provide proof of beneficial ownership as of the record date, such as your most recent account statement prior to March 20, 2017, together with a copy of the voting instruction card provided by your broker, bank, or nominee, or other similar evidence of ownership.

If you do not comply with the procedures outlined above, you may not be admitted to the annual meeting.

Please let us know if you plan to attend the meeting by marking the appropriate box on the proxy card or, if you vote by telephone or Internet, by indicating your plans when prompted. We do not expect to webcast the annual meeting.

Shares held in your name as the stockholder of record may be voted by you in person at the annual meeting. Shares held beneficially in street name may be voted by you in person at the annual meeting only if you obtain a legal proxy from the broker, bank, or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

Voting without Attending the Annual Meeting

By mail

Complete, sign and date the enclosed proxy card or voting instruction card and return it in the return envelope provided (which is postage prepaid if mailed in the United States). *If you are a stockholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by your proxy card in favor of the recommendations of our board of directors.*

If you are a stockholder of record and the prepaid envelope is missing, please mail your completed proxy card to ServiceSource International, Inc., Attention: Corporate Secretary, 717 17th Street, 5th Floor, Denver, CO 80202.

[Table of Contents](#)

If you are a beneficial owner of shares, you should have received a proxy card and voting instructions with these proxy materials from your broker, bank or other nominee holder of record. Simply complete and mail the proxy card provided to the address provided by your broker, bank or other nominee holder of record.

You may still attend the annual meeting in person even if you have already voted by proxy.

By telephone or on the Internet

If you are a stockholder of record, you may vote by following the telephone or Internet voting instructions on your proxy card.

If you are a beneficial owner of shares, your broker, bank or other holder of record may make telephone or Internet voting available to you. The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank or other nominee holder of record. Therefore, we recommend that you follow the voting instructions in the materials you receive.

Voter Confidentiality

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within ServiceSource or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Changing Votes and Revoking Proxies

You may change your vote at any time prior to the taking of the vote at the annual meeting. If you are the stockholder of record, you may change your vote by (i) granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), (ii) providing a written notice of revocation to our corporate secretary at ServiceSource International, Inc., Attention: Corporate Secretary, 717 17th Street, 5th Floor, Denver, Colorado 80202, prior to your shares being voted, or (iii) attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank, or nominee following the instructions they provided or, if you have obtained a legal proxy from your broker, bank, or nominee giving you the right to vote your shares, by attending the annual meeting and voting in person.

List of Stockholders Entitled to Vote at the Annual Meeting

The names of stockholders of record entitled to vote at the annual meeting will be available at the annual meeting and for 10 days prior to the meeting for any purpose germane to the meeting, between the hours of 9:00 a.m. and 4:30 p.m., at our Denver Revenue Delivery Center located at 717 17th Street, 5th Floor, Denver, Colorado 80202, by contacting our corporate secretary.

Quorum Requirements for Conducting Business at the Annual Meeting

A majority of the issued and outstanding shares of common stock must be present in person or represented by proxy at our annual meeting in order for the annual meeting to be held and business to be transacted.

- Abstentions and “broker non-votes” are counted as present and entitled to vote for purposes of determining a quorum.

[Table of Contents](#)

- A “broker non-vote” occurs when a broker, bank or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner.

If there is no quorum, a majority of the votes present at the annual meeting may adjourn the meeting to another date.

Board of Directors Recommendations for Your Vote

Our board of directors recommends that you vote your shares:

- “FOR” each of the two nominees for Class III director named in this proxy statement.
- “FOR” on an advisory basis, approval of the compensation of our named executive officers for the year ended December 31, 2016.
- “FOR” the ratification of Ernst & Young LLP as our independent registered public accounting firm for the 2017 fiscal year.

Voting Requirement to Approve Each of the Proposals

<u>Proposal</u>	<u>Vote Required</u>	<u>Discretionary Broker Voting Allowed?</u>
Election of Class III directors	Majority of the shares present, represented and entitled to vote at the meeting	No
Advisory Vote to Approve Executive Compensation	Majority of the shares present, represented and entitled to vote at the meeting	No
Ratification of Ernst & Young LLP	Majority of the shares present, represented and entitled to vote at the meeting	Yes

If you are a beneficial owner, your broker, bank or other nominee holder of record is permitted to vote your shares on the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm, even if the record holder does not receive voting instructions from you. Your broker, bank or other nominee holder of record does not have discretionary authority to vote on the other two proposals without instructions from you, in which case a broker non-vote will occur and your shares will not be voted on this matter. Accordingly, if you are a beneficial owner, it is particularly important that you provide your instructions for voting your shares on the election of directors and the advisory compensation proposal to your broker, bank or other nominee holder of record.

Election of Class III Directors

If a quorum is present, the affirmative “FOR” vote of a majority of the shares present, represented and entitled to vote on the proposal is required to elect each Class III director. You may vote “FOR,” “AGAINST,” or “ABSTAIN” with respect to each director nominee. Broker non-votes and abstentions will have no effect on the outcome of the election, although they will be counted for purposes of determining whether there is a quorum.

In addition, you may not cumulate your votes for the election of directors.

Our bylaws provide for a majority voting standard for the election of directors in uncontested elections. In order for a nominee to be elected in an uncontested election, the number of votes cast “for” the nominee’s

[Table of Contents](#)

election must exceed the number of votes cast “against” that nominee. Broker non-votes and abstentions will have no effect on the outcome of the election. This majority voting standard includes a director resignation policy in the event a nominee does not receive majority support of the votes cast.

In connection with our majority voting procedures, the board of directors nominates for election or re-election as director only candidates who have tendered, in advance of such nomination, an irrevocable, conditional resignation that will be effective only upon both (i) the failure to receive the required vote at the next stockholders’ meeting at which they face re-election and (ii) the board of directors’ acceptance of such resignation. In an uncontested election, the board of directors, after taking into consideration the recommendation of the nominating and corporate governance committee, will determine whether or not to accept the pre-tendered resignation of any nominee for director who receives a greater number of votes “against” such nominee’s election than votes “for” such nominee. In the event of a contested election, the director nominees who receive the largest number of vote cast “for” their election will be elected as directors.

Advisory Vote on Executive Compensation

The affirmative “FOR” vote of a majority of the shares present, represented and entitled to vote on the proposal is required to approve, on an advisory basis, the compensation awarded to our named executive officers for the year ended December 31, 2016. You may vote “FOR,” “AGAINST,” or “ABSTAIN” on this proposal. Abstentions are deemed to be votes cast and have the same effect as a vote against the proposal. Broker non-votes are not deemed to be votes cast, are not included in the tabulation of voting results on this proposal, and will not affect the outcome of voting on this proposal.

Ratification of Ernst & Young LLP

The affirmative “FOR” vote of a majority of the shares present, represented and entitled to vote on the proposal is required to ratify the selection by our audit committee of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017. You may vote “FOR,” “AGAINST” or “ABSTAIN” on this proposal. Abstentions are deemed to be votes cast and have the same effect as a vote against the proposal. Broker non-votes are not deemed to be votes cast, are not included in the tabulation of voting results on this proposal, and will not affect the outcome of voting on this proposal.

Additional Matters Presented at the Annual Meeting

Other than the items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Christopher M. Carrington, Robert N. Pinkerton and Patricia A. Elias, or any of them, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

If for any reason any of the nominees is not available as a candidate for director at the annual meeting, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

Costs of Soliciting Votes

We are soliciting proxies and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone, or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We may also reimburse brokerage firms, banks and other nominee holders of record for the cost of forwarding proxy materials to beneficial owners. In the past we have hired a third party to assist in solicitation of proxies, and we may elect to do so again this year on an as needed basis. If we do engage a third party, we will pay them a customary fee consistent with the amounts we have paid in prior years for services and for reimbursement of out-of-pocket expenses.

[Table of Contents](#)

Publication of Voting Results

We will announce preliminary voting results at the annual meeting. We will also disclose voting results on a Current Report on Form 8-K filed with the SEC within four business days after the annual meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K, we will file a Current Report on Form 8-K to publish preliminary results and, within four business days after final results are known, file an additional Current Report on Form 8-K to publish the final results.

Householding of Proxy Material

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single copy of the notice of internet availability of proxy materials, our notice of annual meeting, proxy statement and annual report, addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards.

Upon written or verbal request, we will deliver promptly a separate copy of the notice of internet availability of proxy materials and, if applicable, this proxy statement and annual report to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy or if you no longer wish to participate in householding and would prefer to receive a separate notice of annual meeting, proxy statement and annual report, please direct your written request to:

ServiceSource International, Inc.

Stockholders who hold shares in street name should contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

Deadline for Stockholder Proposals and Stockholder Nominees for Director for Next Year

Stockholder Proposals

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to our corporate secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2018 annual meeting of stockholders, our corporate secretary must receive the written proposal at our principal executive offices no later than December 8, 2017. However, if we hold our 2018 annual meeting of stockholders more than 30 days before or 60 days after the one-year anniversary date of the 2017 annual meeting, we will disclose the new deadline by which stockholders proposals must be received in our earliest possible Quarterly Report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. In addition, stockholder proposals must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934. Proposals should be addressed to:

ServiceSource International, Inc.
Attn: Corporate Secretary
717 17th St., 5th Floor
Denver, Colorado 80202

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders, but do not intend for the proposal to be included in our proxy

statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is:

- specified in our proxy materials with respect to such meeting,
- otherwise properly brought before the meeting by or at the direction of our board of directors, or
- properly brought before the meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our corporate secretary, which notice must contain the information specified in our bylaws.

To be timely for our 2018 annual meeting of stockholders, our corporate secretary must receive the written notice at our principal executive offices:

- not earlier than December 8, 2017 and
- not later than January 7, 2018.

In the event that we hold our 2018 annual meeting of stockholders more than 30 days before or more than 60 days after the one-year anniversary date of the 2017 annual meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the close of business on the 120th day before such annual meeting and no later than the close of business on the later of the following two dates:

- the 90th day prior to such annual meeting, or
- the 10th day following the day on which public announcement of the date of such meeting is first made

If a stockholder who has notified us of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, we are not required to present the proposal for a vote at such meeting.

Director Candidate Recommendations

You may recommend director candidates for consideration by our nominating and corporate governance committee. Any such recommendations should include the nominee's name and qualifications for membership on our board of directors, and should be directed to the corporate secretary of ServiceSource at 717 17th St., 5th Floor, Denver, Colorado 80202. For additional information regarding stockholder recommendations for director candidates and our related requirements, see "Corporate Governance and Board of Directors—Process for Recommending Candidates to the Board of Directors."

Director Candidate Nominations

In addition, our bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our corporate secretary in accordance with our bylaws, which, in general, require that the notice be received by our corporate secretary within the time period described above under "Stockholder Proposals" for stockholder proposals that are not intended to be included in our proxy statement.

Availability of Bylaws

Our Bylaws have been publicly filed with the SEC and can also be found on our website at www.servicesource.com in the Corporate Governance section of our investor relations webpage. You may also contact our corporate secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS

Code of Business Conduct and Ethics

We are committed to the highest standards of integrity and ethics in the way we conduct our business. Accordingly, we adopted a Code of Business Conduct and Ethics that applies to our board of directors, officers and employees, including our chief executive officer, chief financial officer and other principal executive and senior financial officers. Our Code of Business Conduct and Ethics establishes our policies and expectations with respect to a wide range of business conduct, including preparation and maintenance of financial and accounting information, compliance with laws and conflicts of interest.

Under our Code of Business Conduct and Ethics, each of our employees, officers and directors is required to report suspected or actual violations to the extent permitted by law. In addition, we have adopted separate procedures concerning the receipt and investigation of complaints relating to accounting or audit matters. These procedures have been adopted and are administered by our audit committee.

Our Code of Business Conduct and Ethics is available on our website at www.servicesource.com in the Corporate Governance section of our investor relations webpage. We will disclose on our website any amendments to the Code of Business Conduct and Ethics, as well as any waivers of the Code of Business Conduct and Ethics, that are required to be disclosed by the rules of the SEC or The NASDAQ Stock Market LLC (“NASDAQ”).

Role and Composition of the Board

Our board of directors is currently composed of eight members. Our bylaws permit our board of directors to establish by resolution the authorized number of directors, and eight directors are currently authorized.

Upon the recommendation of our nominating and corporate governance committee, we are nominating Steven M. Cakebread and Christopher M. Carrington for re-election to our board of directors. If re-elected, Messrs. Cakebread and Carrington will each hold office for a three-year term until our annual meeting of stockholders to be held in 2020.

Our certificate of incorporation and bylaws provide for a classified board of directors consisting of three classes of directors, each serving staggered three-year terms, as follows:

- the Class I directors are Robert G. Ashe, Bruce W. Dunlevie and Barry D. Reynolds, whose terms expire at the 2018 annual meeting of stockholders;
- the Class II directors are James C. Madden, Thomas F. Mendoza, and Gary B. Moore, whose terms expire at the 2019 annual meeting of stockholders; and
- the Class III directors are Steven M. Cakebread and Christopher M. Carrington, whose terms expire at the 2017 annual meeting of stockholders.

Upon expiration of the term of a class of directors, directors (who are up for re-election) for that class will be up for election for three-year terms at the annual meeting of stockholders in the year in which that term expires. Each director's term continues until the election and qualification of his or her successor, or his or her earlier death, resignation or removal. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. This classification of our board of directors may have the effect of delaying or preventing changes in control of our company.

Our board of directors is responsible for, among other things, overseeing the conduct of our business, reviewing and, where appropriate, approving our long-term strategic, financial and organizational goals and plans, and reviewing the performance of our chief executive officer and other members of senior management.

[Table of Contents](#)

Board Leadership Structure

Lead Independent Director

Bruce Dunlevie is our lead independent director. As our lead independent director, Mr. Dunlevie is responsible for helping to set the agendas for board meetings, coordinating the activities of the independent directors and presiding over board meetings if the chairperson is absent (or, as is currently the case, if the position of chairperson is not filled). In addition, the lead independent director presides over executive sessions without the presence of the non-independent directors or members of the Company's management from time to time as deemed necessary or appropriate. The lead independent director also has the authority to call meetings of the independent directors and is available for consultation or direct communication. The role given to the lead independent director helps ensure a strong, independent and active board of directors.

Chairperson of the Board

The position of chairperson of our board of directors is currently vacant. Our board of directors has approved the current separation of the roles of chairperson of the board and chief executive officer, because given the attention, time, effort, and energy that the chief executive officer is required to dedicate to his or her position, and the high level of commitment required to serve as our board chairperson, a separate leadership structure is more appropriate for the Company. Accordingly, although the chairperson role would work closely with the chief executive officer and other members of our management, the board chairperson would not be part of management and would not have an operating or external role or responsibility.

Board's Role in Risk Oversight

Our board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. Our senior management is responsible for assessing and managing our risks on a day-to-day basis. Our audit committee oversees and reviews with management our policies with respect to risk assessment and risk management and our significant financial risk exposures and the actions management has taken to limit, monitor or control such exposures, and our compensation committee oversees risk related to compensation policies. Our nominating and corporate governance committee also reviews and recommends corporate governance policies and practices to reduce the risk of wrongdoing and to promote good corporate governance. Each of our committees reports to the full board of directors with respect to these matters, among others.

In connection with its oversight of compensation-related risks, our compensation committee has reviewed an assessment by management of our compensation programs and practices for our employees, including our executive and non-executive programs and practices. In its review, the compensation committee evaluated whether our policies and programs encourage unnecessary or excessive risk-taking and controls, and how such policies and programs are structured with respect to risks and rewards, as well as controls designed to mitigate any risks. As a result of this review, the compensation committee determined any risks that may result from our compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on us.

At periodic meetings of the board of directors and its committees and in other meetings and discussions, management reports to and seeks guidance from the board of directors and its committees with respect to the most significant risks that could affect our business, such as legal, compliance, financial, tax and audit related risks. In addition, among other matters, management provides our audit committee periodic reports on our compliance programs and efforts.

Director Independence

Under the rules of the NASDAQ global market, where our common stock trades, independent directors must constitute a majority of a listed company's board of directors. In addition, the rules of NASDAQ require that,

[Table of Contents](#)

subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Under the rules of NASDAQ, a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee, accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries, or be an affiliated person of the listed company or any of its subsidiaries.

Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, our board of directors has determined that none of the following non-employee directors has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under the rules of NASDAQ:

- Robert G. Ashe
- Steven M. Cakebread
- Bruce W. Dunlevie
- James C. Madden
- Thomas F. Mendoza
- Gary B. Moore
- Barry D. Reynolds

Our board of directors also determined that Messrs. Ashe, Cakebread, Moore, and Reynolds, who compose our audit committee; Messrs. Madden, Mendoza, and Reynolds who compose our compensation committee; and Messrs. Ashe, Madden, and Mendoza, who compose our nominating and corporate governance committee; satisfy the independence standards for those committees established by the applicable rules and regulations of the SEC and NASDAQ.

In making these determinations, our board of directors considered the relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Board Committees

Our board of directors has three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. The composition and primary responsibilities of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by our board of directors.

Nominating and Corporate Governance Committee. Our nominating and corporate governance committee consists of Messrs. Ashe, Madden, and Mendoza. Mr. Reynolds is the chairperson of our nominating and corporate governance committee. Our nominating and corporate governance committee oversees and assists our board of directors in reviewing and recommending nominees for election as directors and is responsible for, among other things:

During 2016, our board of directors met five times. Each of our directors attended or participated in at least 75% of the aggregate of (i) the total number of meetings of our board of directors held during the period for which he has been a director and (ii) the total number of meetings held by all committees of our board of directors on which he served during the time he was a member of such committee in 2016.

[Table of Contents](#)

Executive Sessions of Independent Directors

Independent members of our board of directors convene executive sessions without the presence of our non-independent directors or members of the Company's management from time to time as deemed necessary or appropriate. Mr. Carrington does not participate in such sessions.

Compensation Committee Interlocks and Insider Participation

Messrs. Madden, Mendoza, and Reynolds served as members of our compensation committee during 2016. None of the members of our compensation committee is, or was during 2016, an officer or employee of ours. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Considerations in Identifying and Evaluating Director Nominees

In its evaluation of director candidates, including the members of the board of directors eligible for re-election, our committee will consider the following:

- the current size and composition of our board of directors and the needs of the board and its respective committees;
- factors such as character, integrity, judgment, age, independence, skills, education, expertise, business acumen, business experience, length of service, understanding of our business and other commitments and the like, without assigning any particular weighting or priority to any of these factors;
- diversity of skills, backgrounds, experience, age, gender, sexual orientation and identification, cultural and ethnic composition of the board and the candidate, and historically under-represented groups that are most appropriate to the Company's long-term business needs; and
- other factors that our committee may consider appropriate.

Our committee requires the following minimum qualifications to be satisfied by any nominee for a position on the board:

- the highest personal and professional ethics and integrity;
- proven achievement and competence in the nominee's field and the ability to exercise sound business judgment;
- skills that are complementary to those of the existing board;
- the ability to assist and support management and make significant contributions to our success; and
- an understanding of the fiduciary responsibilities that are required of a member of the board and the commitment of time and energy necessary to diligently carry out those responsibilities.

If our committee determines that an additional or replacement director is required, the committee may take such measures as it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, board or management.

Process for Recommending Candidates to the Board of Directors

Our nominating and corporate governance committee is responsible for, among other things, determining the criteria for membership to our board of directors and recommending candidates for election to the board of directors.

[Table of Contents](#)

Our nominating and corporate governance committee has established Policies and Procedures for Director Candidates, which includes the policy of considering any individual recommended as a prospective director nominee by a stockholder holding no less than 4% of the outstanding shares of common stock continuously for at least 12 months prior to the date of the submission of the recommendation. The committee will consider candidates recommended by such stockholders in the same manner as candidates recommended to the committee from other sources.

Stockholder recommendations for candidates to the board of directors must be directed in writing to ServiceSource International, Inc., Attention: Corporate Secretary, 717 17th St., 5th Floor, Denver, CO 80202, and must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and us, and evidence of the recommending stockholder's ownership of our stock. Such recommendations must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for board membership, including issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and personal references.

Director Attendance at Annual Meetings

Although we do not have a formal policy regarding attendance by members of our board of directors at annual meetings of stockholders, we encourage, but do not require, directors to attend. The 2016 Annual Meeting of Stockholders was attended by Mr. Carrington.

Communications with the Board of Directors

Stockholders who wish to communicate with our board of directors are welcome to do so either:

- in writing, at ServiceSource International, Inc., Attention: Corporate Secretary, 717 17th St., 5th Floor, Denver, CO 80202; or

Communications are distributed to our board of directors, or to any individual directors as appropriate, depending on the facts and circumstances outlined in the communication.

COMPENSATION OF NON-EMPLOYEE DIRECTORS

Compensation Policy

Each independent director receives the following compensation for board services:

- an annual cash retainer of \$20,000 for board service;
- an annual cash retainer for serving as the chairman of the audit committee of \$25,000, for serving as chairman of the compensation committee of \$25,000 and for serving as chairman of the nominating and corporate governance committee of \$10,000;
- an annual cash retainer for serving as a member of the audit committee of \$17,500, for serving as a member of the compensation committee of \$17,500 and for serving as a member of the nominating and corporate governance committee of \$7,500; and
- upon first joining the board of directors, an initial restricted stock unit grant at a value of \$350,000, with a three-year annual vesting schedule;
- an annual restricted stock unit grant at a value of \$135,000, with a one-year vesting schedule.

The number of shares awarded pursuant to the restricted stock unit grants is based on the 90-day average closing price of our common stock prior to the board member's appointment or the annual stockholder meeting, as applicable.

Pursuant to this policy, in June 2016, we granted 33,314 restricted stock units to each of Messrs. Ashe, Cakebread, Dunlevie, Madden, Mendoza and Reynolds under our 2011 Equity Incentive Plan. Also pursuant to this policy, in November 2016, we granted 71,745 restricted stock units to Mr. Moore upon his joining of the Board of Directors. In addition, upon Mr. Moore's joining of the Board of Directors, we made a grant to him of 13,836 restricted stock units as a pro-rata portion of the annual director grant.

In addition, we reimburse non-employee directors for travel, lodging and other reasonable expenses incurred in connection with their attendance at board or committee meetings.

The 2011 Equity Incentive Plan provides that in the event we merge with or into another corporation or undergo a change in control, as defined in the 2011 Equity Incentive Plan, the successor corporation or its parent or subsidiary will assume or substitute an equivalent award for each outstanding award under the 2011 Equity Incentive Plan. If there is no assumption or substitution of the outstanding award, or if the director is terminated or asked to resign by the successor corporation, then all outstanding but unvested awards will become fully vested and exercisable. In addition, the administrator will notify participants in writing or electronically that options under the 2011 Equity Incentive Plan will be exercisable for a period of time determined by the administrator, and will terminate upon expiration of such period to the extent unexercised.

**PROPOSAL NUMBER 1
ELECTION OF CLASS III DIRECTORS**

Board Structure

Our board of directors is currently composed of eight members, and is divided into three staggered classes of directors. At each annual meeting of stockholders, a class of directors will be elected for a three-year term to succeed the class of directors whose terms are then expiring. The terms of the directors will expire upon the election and qualification of successor directors at the annual meetings of stockholders to be held during the years 2017 for the Class III directors (who are up for re-election at this year's annual meeting), 2018 for the Class I directors, and 2019 for the Class II directors.

Our bylaws provide for a majority voting standard for the election of directors in uncontested elections. In order for a nominee to be elected in an uncontested election, the number of votes cast "for" such nominee's election must exceed the number of votes cast "against" that nominee. Broker non-votes and abstentions will have no effect on the outcome of the election. This majority voting standard includes a director resignation policy in the event such nominee does not receive majority support of the votes cast.

Information Regarding our Class III Director Nominees

Our nominating and corporate governance committee recommended, and our board of directors nominated, Steven M. Cakebread and Christopher M. Carrington as nominees for election as Class III directors at the 2017 annual meeting.

Messrs. Cakebread and Carrington have agreed to serve if elected, and management has no reason to believe that either nominee will be unavailable to serve. In the event one of the nominees is unable or declines to serve as a director at the time of the 2017 annual meeting, proxies will be voted for any nominee who may be proposed by the nominating and corporate governance committee and designated by the present board of directors to fill the vacancy.

<u>Name of Class III Nominees</u>	<u>Age</u>	<u>Position</u>	<u>Director Since</u>
Steven M. Cakebread	65	Director, Audit Committee Chair	2010
Christopher M. Carrington	56	Chief Executive Officer and Director	2014

Steven M. Cakebread has served as a member of our board of directors since January 2010. Since October 2014, Mr. Cakebread has served as Chief Financial Officer of Yext, Inc., an internet service provider. Required Vote

If a quorum is present, our Class III directors elected to the board of directors will each be elected by a vote of the majority of the votes cast. A majority of the votes cast means the number of votes cast "for" such nominee's election exceeds 50% of the number of votes cast with respect to that nominee's election.

You may vote "for," "against," or "abstain" with respect to each director nominee. Broker non-votes and abstentions will have no effect on the outcome of the election, although they will be counted for purposes of determining whether there is a quorum. Shares represented by executed proxies will be voted, if authority to do so is not expressly withheld (as indicated on the proxy card), for the election of Messrs. Cakebread and Carrington.

Recommendation

Our board of directors recommends a vote "FOR" the election to the board of directors of each of Steven M. Cakebread and Christopher M. Carrington as a Class III director.

**PROPOSAL NUMBER 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

As required by the Dodd-Frank Act, we are asking our stockholders to approve, on an advisory basis, the compensation of our named executive officers as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers.

The say-on-pay vote is advisory, and therefore not binding on us or our compensation committee or board of directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which our compensation committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our board of directors and compensation committee value the opinions of our stockholders. To the extent there is any significant vote against the named executive officer compensation disclosed in this proxy statement, we will consider our stockholders’ concerns and our compensation committee will evaluate whether any actions are necessary to address those concerns.

The advisory say-on-pay vote occurs annually, and the next advisory vote will occur at the 2018 annual meeting.

Compensation Philosophy and Programs

Our executive compensation programs are designed to attract, retain and motivate top-level executive talent and to provide compensation levels and structures that are both fiscally responsible and competitive within our industry and geography. Through our compensation programs, we strive to create a culture in which executive compensation aligns with our pay-for-performance business model by rewarding our executives for results that benefit us, our customers and our stockholders. In line with our overall pay-for-performance philosophy, our practice has been to make a significant portion of an executive’s total compensation performance-based, so that the executive will be rewarded through bonuses and equity if we perform well in the near term and over time. Please refer to the “Executive Compensation—Compensation Discussion and Analysis” section for a detailed discussion of our executive compensation practices and philosophy.

Our board of directors believes that our current executive compensation program has been effective at linking executive compensation to our performance and aligning the interests of our named executive officers with those of our stockholders. We are asking our stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement by voting in favor of the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis, compensation tables, and narrative discussion in the Company’s proxy statement, is hereby APPROVED.”

Required Vote

The affirmative “FOR” vote of a majority of the shares present, represented and entitled to vote on the proposal is required to approve, on an advisory basis, the compensation awarded to named executive officers for the year ended December 31, 2016. You may vote “FOR,” “AGAINST” or “ABSTAIN” on this proposal. Abstentions are deemed to be votes cast and have the same effect as a vote against the proposal. Broker non-votes are not deemed to be votes cast, are not included in the tabulation of voting results on this proposal, and will not affect the outcome of voting on this proposal.

Recommendation

Our board of directors recommends a vote “FOR” the approval of the compensation of each named executive officer, as disclosed in this proxy statement.

**PROPOSAL NUMBER 3
RATIFICATION OF SELECTION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

Our audit committee has selected Ernst & Young LLP as the independent registered public accounting firm to audit our consolidated financial statements for the year ending December 31, 2017. From May through December 2016, Ernst & Young LLP served as our independent registered public accounting firm and also provided certain audit-related services. The selection of Ernst & Young LLP as our independent registered public accounting firm was ratified by our stockholders at our 2016 annual meeting. Prior to Ernst & Young LLP, PricewaterhouseCoopers LLP served as our independent registered public accounting firm and also provided certain audit-related services.

During the fiscal years ended December 31, 2015 and 2014, and the subsequent interim period through May 5, 2016, there were no disagreements with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of PricewaterhouseCoopers LLP would have caused them to make reference to the subject matter of such disagreements in their reports on the Company's consolidated financial statements for such years. During the fiscal years ended December 31, 2015 and 2014, and the subsequent interim period through May 5, 2016, there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

Notwithstanding the audit committee's selection of Ernst & Young LLP—and even if our stockholders ratify the selection—our audit committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in our best interests and in the best interests of our stockholders. Our audit committee is submitting the selection of Ernst & Young LLP to our stockholders because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate governance. If the appointment is not ratified by our stockholders, our audit committee may reconsider whether it should appoint another independent registered public accounting firm.

Representatives of Ernst & Young LLP are expected to attend the annual meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Required Vote

Ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2017 requires the affirmative "FOR" vote of a majority of the shares present, represented, and entitled to vote on the proposal. Unless marked to the contrary, executed proxies received will be voted "FOR" ratification of the appointment of Ernst & Young LLP.

Recommendation

Our board of directors recommends a vote FOR the ratification of the selection of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2017.

Pre-Approval of Audit and Non-Audit Services

Our audit committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The audit committee pre-approves services provided by the independent registered public accounting firm pursuant to its audit committee charter.

Report of the Audit Committee

The audit committee assists the board of directors in fulfilling its oversight responsibility over our financial reporting process. It is not the duty of the committee to plan or conduct audits or to prepare our financial statements. Management has the primary responsibility for preparing the financial statements and assuring their accuracy, effectiveness and completeness. Management is also responsible for the reporting process, including the system of internal controls. The independent registered public accounting firm is responsible for auditing our financial statements and internal control over financial reporting and expressing its opinion as to whether the statements present fairly, in accordance with accounting principles generally accepted in the United States, our financial condition, results of operations and cash flows. However, the audit committee does review and discuss the financial statements with management and the independent registered public accounting firm prior to the presentation of financial statements to our stockholders and, as appropriate, initiates inquiries into various aspects of our financial affairs.

Unless the committee has reason to question its reliance on management or the independent registered public accounting firm, the members of the committee necessarily rely on information provided to them by and on the representations made by management and the independent registered public accounting firm. Accordingly, the audit committee’s oversight does not provide an independent basis to determine that management has applied appropriate accounting and financial reporting principles. Furthermore, the audit committee’s authority and oversight responsibilities do not independently assure that the audits of our financial statements have been carried out in accordance with the standards of the Public Company Accounting Oversight Board or that the financial statements are presented in accordance with accounting principles generally accepted in the United States.

In this context, the committee has met and held discussions with management and the independent registered public accounting firm to review our audited 2016 consolidated financial statements (including the

[Table of Contents](#)

quality of our accounting principles). Management represented to the committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the committee consulted with management and the independent registered public accounting firm prior to approving the presentation of the audited 2016 consolidated financial statements to stockholders. The committee discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, issued by the Public Company Accounting Oversight Board.

The audit committee has discussed with the independent accountant the independent accountant's independence from us and our management. As part of that review, the committee received the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. Based on the reviews and discussions referred to above, the audit committee recommended to the board, and the board approved, our audited consolidated financial statements for the year ended December 31, 2016 for filing with the Securities and Exchange Commission as part of the Company's Annual Report on Form 10-K. The committee has selected Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2017.

The Report of the Audit Committee does not constitute soliciting material and shall not be deemed to be filed or incorporated by reference into any other filing by ServiceSource under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent ServiceSource specifically incorporates the Report of the Audit Committee by reference therein.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our named executive officers for 2016 should be read together with the compensation tables and related disclosures presented below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs.

For 2016, our named executive officers were:

- Christopher M. Carrington, our Chief Executive Officer;
- Brian J. Delaney, our Chief Operating Officer; and
- Robert N. Pinkerton, our Chief Financial Officer.

In addition, Gregory G. Hopkins, our Chief Customer Officer, resigned his position with the Company effective July 1, 2016. Although he is not a current executive officer of the Company, by virtue of his service for a portion of 2016 he is included in the tables showing our Named Executive Officer compensation.

Objectives and Principles of Our Executive Compensation

Our compensation philosophy is based on the following objectives and principles:

- attract, retain and motivate top-level executive talent;
- provide compensation levels and structures that are both fiscally responsible and competitive within our industry and geography;
- create a culture in which executive compensation aligns with our overall philosophy and pay-for-performance business model;
- maintain simplicity, transparency and ease of administration; and
- provide long-term, performance-based, equity incentive compensation to align the interests of our management team with those of our stockholders.

2016 Compensation and Corporate Governance Highlights

We endeavor to maintain strong governance standards in our executive compensation related corporate governance policies and practices. Below is a summary of key executive compensation and corporate governance practices in place during 2016. Following that is a summary of certain other practices that, because we have not considered them to effectively drive long-term stockholder value, we have not implemented.

What We Do

- Tie pay to performance, with each named executive officer's target annual cash compensation tied to pre-established corporate performance metrics.
- Tie equity compensation to performance, with each named executive officer's RSU grant tied to pre-established corporate performance metrics.
- Utilize the services of an independent compensation consultant retained directly by the compensation committee and that does not perform other services for the Company.

Table of Contents

- Maintain stock ownership guidelines for all named executive officers and Section 16 officers.
- In connection with a change of control of the Company, require a “double trigger” severance event (both a qualifying termination of employment in addition to a change of control of the Company) before accelerated vesting or other change of control severance benefits would be triggered for our named executive officers.

What We Do Not Do

- Provide pension arrangements or retirement plans other than our 401(k) plan to our executive officers.
- Provide for excise tax gross-ups related to change of control-related compensation.
- Permit our executive officers or directors to engage in hedging or pledging of our securities.
- Provide our executive officers perquisites that are not generally available to all of our employees.

Compensation Decision Process

Role of the Board of Directors and Compensation Committee. The role of our Compensation Committee is to oversee our executive plans and policies, administer our equity plans and approve all compensation for our NEOs. For a description of the composition of our compensation committee, see “Corporate Governance and Board of Directors—Board Committees—Compensation Committee.”

Role of Executive Officers. Our compensation committee generally seeks input from our Chief Executive Officer and our Chief Human Resources Officer when discussing executive performance and compensation levels for named executive officers (other than their own compensation). Our Chief Human Resources Officer has the responsibility of advising the compensation committee and coordinating with third-party compensation advisors. The compensation committee also works with our Chief Financial Officer to evaluate the financial, accounting and tax implications, and with our General Counsel who advises on legal matters, regarding our various compensation programs. None of our named executive officers participates in deliberations regarding his or her own compensation. Our compensation committee charter also specifies that our compensation committee deliberates and determines compensation decisions related to our Chief Executive Officer in executive session, outside of the presence of the Chief Executive Officer.

Role of Compensation Advisors. Our compensation committee has the authority to engage its own advisors to assist in carrying out its responsibilities. For 2016, our compensation committee continued to retain Frederic W. Cook & Co, an independent compensation consulting firm, to provide advice to the compensation committee with respect to executive compensation decisions and comparison benchmarking. Working with management, Frederic W. Cook & Co met with our compensation committee and provided various data and recommendations. Pursuant to SEC rules, our compensation committee has assessed the independence of Frederic W. Cook & Co, and concluded that no conflict of interest exists that would prevent Frederic W. Cook & Co from independently representing the compensation committee. Frederic W. Cook & Co does not perform other services for us, and will not do so without the prior consent of the compensation committee. Our compensation committee intends periodically to review the need to independently retain a compensation consultant.

2016 Advisory Vote on Executive Compensation. The advisory vote on executive compensation at our 2016 annual meeting received a favorable vote of 81% of votes cast by our stockholders. The compensation committee is committed to ensuring that our compensation programs are consistent with our pay-for-performance philosophy and deliver appropriate results given financial performance and business conditions. We typically engage in discussions with our institutional investors to gather additional input and feedback on our executive compensation program, including in relation to the annual advisory vote. The compensation committee considers both the results of the annual advisory vote and the feedback from institutional investors in making compensation decisions. Stockholder feedback will remain an important input into the compensation committee’s work on the compensation programs for us.

[Table of Contents](#)

Benchmarking. Given that we compete for executive officer talent with companies in the technology sector and companies that provide other professional services, we rely on certain compensation benchmarking in making our compensation decisions. To determine what constitutes competitive compensation, we engaged Frederic W. Cook & Co to benchmark our cash and equity compensation levels for each executive. Among other activities, Frederic W. Cook & Co:

- assisted us in identifying a group of peer companies for purposes of benchmarking our levels of compensation;
- gathered and analyzed compensation data from those peer companies as well as from other available compensation surveys; and
- assisted us in structuring awards as part of the equity incentive element of our compensation program, including assisting us in establishing appropriate amounts for equity incentive awards.

Frederic W. Cook & Co commenced its analysis by conducting a survey of compensation data and practices at public technology companies comparable to us with respect to size, complexity, financial performance and stage of development. Based on this analysis, Frederic W. Cook & Co recommended two different groups of peer companies: one group of peers for benchmarking compensation *levels*, and another, larger group of peers for benchmarking compensation *design*. Frederic W. Cook & Co developed selection criteria that tightened the financial size and valuation range relative to ServiceSource, while expanding industry classifications to include IT Services and Professional Services.

The resulting peers used in our compensation benchmarking include the following:

- Ciber
- CBIZ
- Computer Services
- Computer Task Group
- ExlService Holdings
- Franklin Covey
- Harte Hanks
- Higher One Holdings
- Information Services Group
- Lionbridge Technologies
- LivePerson
- NCI
- Model N
- Perficient
- PFSweb
- QuinStreet
- TeleTech
- The Hackett Group
- WNS (Holdings) Limited
- Virtusa

Frederic W. Cook & Co gathered and evaluated our compensation levels relative to compensation data from the public filings of the peer companies listed above.

We do not automatically tie compensation to a benchmark level for each member of our executive management team. Rather, we consider a number of individualized factors that are unique to our business, including individual performance, skill set, industry knowledge and experience, prior employment history, compensation at previous companies, recruiting efforts and negotiations, retention risk and an executive's overall compensation level relative to his or her peers.

Our Compensation Programs

The four elements of our executive compensation package are:

- base salary,
- variable incentive pay,
- equity-based rewards, and
- employee-benefits programs.

We view these components of compensation as related in reviewing the total compensation packages of our executive officers. We determine the appropriate level for each compensation component based in part, but not exclusively, on information from analysis of third-party compensation surveys consistent with our recruiting and retention goals, our view of internal equity and consistency and overall company and individual performance.

We compete with many other companies in seeking to attract and retain a skilled workforce, particularly companies in the technology sector. We have not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid-out compensation, between cash and non-cash compensation or among different forms of non-cash compensation. However, in line with our overall pay-for-performance philosophy of rewarding our employees for results that benefit us and our customers, the compensation committee's practice has been to make a significant portion of an employee's total compensation performance-based, so that the employee will be rewarded through bonuses and equity if we perform well in the near term and over time.

On-Target Earnings—Base Salary and Variable Incentive Compensation. When analyzing the cash compensation of our executive leadership team, we view the total cash compensation of base salary plus the variable incentive plan compensation as the on-target earnings for each of such executive officers.

In analyzing the total cash compensation, we assume that we will meet the targets necessary for our executives to earn their on-target bonuses. We analyze on-target cash earnings as the benchmark by which to measure our named executive officers' compensation compared to the comparable positions of our peer companies. As we started 2016, the target compensation opportunity for each of our named executive officers was at or above the fiftieth percentile, in each case comparing such executive's on-target cash earnings to our peer companies. Given our age as a company, our size and our results of operations, and the competitive market for high-caliber executive talent—particularly in certain strategic roles—we believe that the on-target earnings for our named executive officers were reasonable and appropriate for 2016.

Base Salary. We establish base pay that we believe is both reasonable and competitive in relation to the market, including the benchmarking data described above. We regularly monitor competitive base pay levels and adjust base pay as appropriate. In general, a named executive officer's base pay level should reflect the executive's overall performance and contribution to us over time. We also seek to structure competitive base pay for our named executive officers based upon applicable market data analysis. As described below, we design base pay to provide the ongoing reward for each named executive officer's work and contribution and to be competitive in attracting or retaining the executive. We do not provide automatic salary increases for our executive team.

Once base pay levels are initially determined, however, we conduct salary reviews each year based upon current market data and the executive's specific performance achievements. We also take into account salary levels for their retention effect. Salaries are also determined based on negotiations with our executive officers, in particular when we are trying to hire a new executive officer and we must be competitive. We believe this pay-for-performance approach reflects our cultural values and our business model.

Table of Contents

The following are the effective annual base salaries for each of our named executive officers for 2014, 2015 and 2016:

Executive Officer	Effective Annual Base Salary(1)		
	2014	2015	2016
Christopher M. Carrington	\$500,000	\$500,000	\$550,000(2)
Brian J. Delaney	—	\$400,000	\$450,000(2)
Robert N. Pinkerton	—	\$350,000	\$380,000(2)
Gregory G. Hopkins	—	\$350,000	\$350,000(3)

- (1) Reflects effective annual base salary. Actual amounts earned vary for those named executive officers that either joined or departed during the years specified as described above. Data not provided for any period in which an individual was not a named executive officer.
- (2) Increased effective September 2, 2016.
- (3) Mr. Hopkins resigned his position with the Company effective July 1, 2016.

In September 2016, in part in order to support executive management retention, including in response to the resignation of Mr. Hopkins as our Chief Customer Officer, we engaged Frederic W. Cook & Co. to evaluate the overall market competitiveness of our executive compensation in comparison to our peer group. Based on that evaluation, we approved an increase in the base salaries of Mr. Carrington, Mr. Delaney and Mr. Pinkerton that took effect September 2, 2016.

Variable Pay. Consistent with our pay-for-performance philosophy, we link a significant portion of our named executive officers' cash compensation to individual and company performance. We design our variable pay programs to provide reasonable and competitive earnings potential relative to our industry and geography. For our named executive officers, we have implemented our corporate incentive bonus program as a motivational tool to achieve and exceed individual and company goals by paying for outstanding results. We base our variable pay programs on a formulaic assessment of our financial and other performance, as well as considering an assessment of each individual's performance. We design our programs to avoid entitlements, and to align actual payouts with actual results based on clearly understood metrics.

Our compensation committee reviews the structure and design of our variable pay plans on an annual basis, typically at the beginning of each year. The overall business plan and related goals of our variable pay plans are determined at the start of the year, typically in February.

2016 Corporate Incentive Plan. In February 2016, our compensation committee approved the 2016 Corporate Incentive Plan (the "2016 CIP"). The 2016 CIP applies to certain non-commissioned employees, including our named executive officers.

For each of the named executive officers participating in the 2016 CIP, 2016 bonus targets originally were set as a fixed amount, which, as a percentage of base salary, ranged from 65% to 70%. In September 2016, the percentages changed to 80% to 90%.

The target bonuses for our named executive officers at 100% achievement under the 2016 CIP, as well as the actual bonuses paid to our named executive officers in 2017 for 2016 performance, are set forth below:

Robert N. Pinkerton	\$ 228,000	\$ 304,000	\$ 345,429
Gregory G. Hopkins	\$ 228,000	n/a	n/a

For our CEO, COO, CFO, CHRO, and our SVP of Corporate Strategy & Development, the 2016 CIP was paid in one annual payment after determination of the achievement of our performance targets (which occurred in 2017). For the other participants in the CIP program, the 2016 CIP was structured with semi-annual payments, with 70% of the annual bonus (assuming 100% funding) payable for the first half of the year and the remaining 30% (assuming 100% funding) payable after completion of the full year. Funding for the 2016 CIP was based upon our achieving two targets: revenue and EBITDA margin. The weighting for each target was 50%.

For each of our named executive officers, bonus payments were made in March 2017 for performance during the 2016 fiscal year. During 2016, we were below the Revenue target by 2.2 percentage points, and we exceeded the EBITDA target by 51.8 percentage points.

For the targets related to the specific named executive officers under the 2016 CIP, see “Executive Compensation—Grants of Plan-Based Awards” and for the payments made under the 2016 CIP for each named executive officer, see “Executive Compensation—Summary Compensation Table.”

2017 CIP. In March 2017, our compensation committee approved the 2017 Corporate Incentive Plan, which we refer to as the 2017 CIP. The 2017 CIP applies to certain non-commissioned employees, including our named executive officers.

Funding for the 2017 CIP is based upon our achieving two targets: revenue and EBITDA. The weighting for each target is 50%, as illustrated below:

Our CEO, COO, CFO, CHRO, and our SVP of Strategy and Corporate Development receive one payment under the 2017 CIP, after completion of the full year (there is no partial CIP payment mid-year) and determination of achievement of the performance targets. For all other CIP participants, the 2017 CIP is designed as an annual corporate incentive plan with semi-annual payments, calculated as follows:

First Half of 2017 Payment:

$(\% \text{ Forecasted Full Year Company Performance Achieved to a MAXIMUM of 100\%}) \times (\text{Individual Actual Base Earnings during the period} \times \% \text{ Individual Bonus}) \times 70\% = \text{First Half Employee Payment}$

Second Half of 2017 (“H2”) Payment:

$\text{H2 Payment} = (\% \text{ Actual Full Year Company Performance Achieved}) \times (\% \text{ Individual Performance Modifier}) \times (\text{Individual Actual Base Earnings} \times \% \text{ Individual Bonus}) \text{ LESS H1 2017 Payment} = \text{Second Half Employee Payment}$

The “Individual Performance Modifier” refers to the employee’s individual performance during the year, as evaluated and measured by the employee’s manager.

Although the revenue and EBITDA targets for 2017 have already been set, the disclosure of the actual targets at this early stage of the year would cause competitive harm to us. We believe these targets are challenging because they require meaningful growth and success throughout our business for 2017.

Equity-Based Rewards. We design our equity programs to be both responsible and competitive in relation to the market. We monitor the market and applicable laws and regulations and adjust our equity programs as appropriate. Stock options and restricted stock units are designed to reflect and reward a high level of sustained individual performance over time, as reflected in improved overall company value. As described in more detail below, we design equity-based compensation to help retain talent over a period of time and to provide named executive officers with a long-term reward that aligns their interests with those of our stockholders.

Restricted Stock Units. We use restricted stock units as the primary vehicle for equity compensation in addition to stock options. Restricted stock units have the benefit of reducing the dilution associated with our equity compensation programs, because we are able to grant fewer shares of stock but still incent our executive officers as the values of the restricted stock units are tied to the price of the Company’s common stock and thus aligned with stockholder interests. We have typically issued our restricted stock units subject to a four-year vesting schedule. Under the vesting schedule, the restricted stock units vest in four equal annual installments beginning on a specified vesting commencement date. In September 2016, we began granting our named executive officers restricted stock units with a performance-based component as well as a time-based component to further align compensation with stockholder interests. These performance-based grants are described in more detail below.

Stock Options. Prior to 2017, we used stock option grants as the primary vehicle for equity compensation to our named executive officers and other employees. In order to promote the long-term incentive and retention features of equity compensation, our stock option grants are typically issued subject to our standard one-year cliff vesting and four-year vesting schedule. Under the vesting schedule, 25% of the stock option becomes exercisable one year after a specified vesting commencement date, and then vesting occurs monthly thereafter over the remaining three year period. On occasion, we have also granted stock options with non-standard vesting or early exercise features, mostly in case-by-case situations for senior and other employees or candidates in high demand. Starting in 2017, in response to a review of our compensation practices by Frederic W. Cook & Co, we will only issue stock options to new hires and not as part of our annual equity grants to existing employees.

We consider a number of factors to determine the size of all equity grants, including competitive market factors, named executive officer performance, retention value and a review of the named executive officer’s

[Table of Contents](#)

overall compensation package. In addition, our compensation committee regularly reviews equity utilization, overhang and burn rate both as compared to prior years and as compared to our peers. Our compensation committee makes all equity grants.

Initial grants of stock options and restricted stock units upon hire are designed to attract experienced executives with established records of success and help retain them over the long term. The size of new hire grants has been evaluated by our compensation committee in light of the Frederic W. Cook & Co-provided benchmarking data, and as a result of the negotiations with potential executive officers.

Subsequent grants to named executive officers are intended to ensure that equity compensation remains competitive within our industry group and geography. Named executive officers whose skills and results we deem essential to our long-term success are eligible to receive higher equity grants. The decision to make such grants has traditionally been based on rewarding performance, consistent with our pay-for-performance philosophy, and the equity ownership of our named executive officers in relation to the market surveys, taking into account the number of vested stock options and restricted stock units that our named executive officers hold, the strategic importance of the particular executive to our business, and the overall situation of our company.

Currently, we have no policy in place that requires us to grant equity-based compensation on specified dates. Our compensation committee reviews equity compensation for incumbent executives annually, typically in February or March of each year.

Stock Ownership Guidelines. Our stock ownership guidelines provide that all executive officers are expected to own and retain our shares with a value that is the lower of their annual base salary or a minimum of 30,000 shares of common stock or, in the case of our chief executive officer, the lower of three times the value of his annual base salary or a minimum of 150,000 shares of common stock. For purposes of our stock ownership guidelines, vested but unexercised stock options are credited at a fifty-percent level, so that each unexercised vested stock option is treated as one half of a share of our stock. Each individual has five years to meet these stock ownership guidelines. All executive officers currently meet these guidelines.

Grant of Performance-Based Restricted Stock Units—2016

On September 2, 2016 (the “Grant Date”), based on information and peer group comparison by Frederic W. Cook & Co., we granted performance-based restricted stock units, or PSUs, to our named executive officers that included performance-based achievement metrics as well as a service-based vesting schedule. The performance-based conditions were the Company’s revenue and EBITDA performance in fiscal year 2016 as compared to the target revenue and EBITDA approved by the Board of Directors pursuant to the 2016 CIP. The target number of PSUs subject to the grant, as well as the actual number of PSUs eligible to vest pursuant to the service-based vesting provision, are set forth below. Under the service-based vesting condition, 50% of the PSUs that have become eligible to vest will vest on the first anniversary of the Grant Date, and 50% of the PSUs that have become eligible to vest will vest on the second anniversary of the Grant Date, except as otherwise provided under certain termination and change-in-control provisions set forth in the 2011 Equity Incentive Plan.

<u>September 2016 PSU Grant</u>		
<u>Name</u>	<u>Target Number of PSUs*</u>	<u>Actual Number of PSUs eligible to vest pursuant to service condition**</u>
Christopher M. Carrington	350,000	434,886
Brian J. Delaney	250,000	310,633
Robert N. Pinkerton	225,000	279,569

* The target number of PSUs assumes 100% achievement of both performance targets.

[Table of Contents](#)

** Shows the actual number of PSUs eligible to vest pursuant to the service-based vesting condition. As described above, during 2016, we were below the Revenue target by 2.2 percentage points, and we exceeded the EBITDA target by 51.8 percentage points.

Grant of Performance-Based Restricted Stock Units—2017

On April 4, 2017 (the “Grant Date”), our compensation committee approved a grant of performance-based restricted stock units, or PSUs, to our named executive officers that include performance-based achievement metrics as well as a service-based vesting schedule. The performance-based conditions are the Company’s revenue and EBITDA performance in fiscal year 2017 as compared to the target revenue and EBITDA approved by the Board of Directors. The target number of PSUs subject to the grant, as well as the maximum number of PSUs eligible to vest pursuant to the service-based vesting provision assuming maximum achievement of both performance-based achievement metrics, are set forth below.

April 2017 PSU grant

<u>Name</u>	<u>Target Number of PSUs*</u>	<u>Maximum Number of PSUs**</u>
Christopher M. Carrington	350,000	525,000
Brian J. Delaney	250,000	375,000
Robert N. Pinkerton	225,000	337,500

* The number of PSUs awarded pursuant to this grant shall become eligible to vest based on the achievement of the performance-based conditions described below. Any PSUs that become eligible to vest shall do so upon the satisfaction of the service-based vesting condition described below.

** The maximum number of PSUs that could become eligible to vest is shown in this column, and assumes maximum achievement of both revenue and EBITDA performance metrics.

Under the service-based vesting condition, 50% of the PSUs that have become eligible to vest will vest on the first anniversary of the Grant Date, and 50% of the PSUs that have become eligible to vest will vest on the second anniversary of the Grant Date, except as otherwise provided under certain termination and change-in-control provisions set forth in the 2011 Equity Incentive Plan.

The performance-based conditions are the Company’s revenue and EBITDA performance in fiscal year 2017 as compared to the target revenue and EBITDA approved by the Board of Directors, as set forth below. Half of the target number of PSUs are subject to the revenue performance achievement, and half of the target number of PSUs are subject to the EBITDA performance achievement. The achievement of the performance targets will be determined on the date the Company files its 10-K for the 2017 fiscal year.

2017 PSU Grant Performance Metrics

<u>Revenue Achievement (as a percentage of target)</u>	<u>Number of PSUs that become eligible to vest (as a percentage of half of target grant)</u>	<u>EBITDA Achievement (as a percentage of target)</u>	<u>Number of PSUs that become eligible to vest (as a percentage of half of target grant)</u>
106.59%	150%	146.15%	150%
100%	100%	100%	100%
90.31%	50%	69.23%	50%
<90.31%	0%	<69.23%	0%

For each performance metric, if the applicable achievement falls between any of the thresholds, the number of PSUs that become eligible to vest for such performance metric will be determined by linear interpolation.

Benefits Programs. We provide our employees with retirement, health and welfare benefits, such as our group health insurance plans, 401(k) retirement plan, life, disability and accidental death insurance plans and our 2011 Employee Stock Purchase Plan. Those plans, which are available to all employees including our named executive officers, are designed to provide a stable array of support to our employees and their families and are not performance based. Our benefits programs are generally established and adjusted by our human resources department with approval, as necessary, from senior management, the compensation committee or the board of directors, as appropriate.

Employment Agreements, Separation Agreements and Post-Employment Compensation

We have entered into employment agreements with our named executive officers, and these employment agreements contain severance and change of control benefits in favor of our named executive officers. These employment agreements were an integral part of the decision-making process for our named executive officers to join our company.

We also enter into separation agreements with our named executive officers from time to time that provide for defined separation dates, specification of the continuing role of such executives prior to separation, including, in some cases, consulting services that the individual will provide to us post-separation from employment. These separation agreements typically provide for specified payment of compensation or severance benefits, and all such payments are subject to an effective release agreement from such individual.

All of these employment and separation agreements are discussed in more detail in the “Executive Compensation—Employment Agreements, Separation Agreements and Potential Payments upon Termination or Change-in-Control” section below. We believe that these agreements are an important recruitment and retention tool, and will incent the named executive officers to maintain continued focus and dedication to their assigned duties to maximize stockholder value, or to assist in an orderly transition of responsibilities for those executives who leave our employment while reducing the risk of any potential disputes. The terms of these agreements were determined after review by the compensation committee of our retention and transition goals for each named executive officer, as well as analysis of market data, similar agreements established in our industry. These agreements were also the result of negotiations with the executives.

Other Compensation Matters and Policies

Tax and Accounting Considerations. Internal Revenue Code Section 162(m) limits the amount that we may deduct for compensation paid to our Chief Executive Officer and to each of our four most highly compensated officers to \$1,000,000 per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of “performance-based” compensation. In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause an officer’s total compensation to exceed \$1,000,000. Under certain regulations, option spread compensation from options that meet certain requirements will not be subject to the \$1,000,000 cap on deductibility, and in the past, we have granted options that we believe satisfy those requirements. Although the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that follows our pay-for-performance philosophy. The compensation committee has not adopted a formal policy regarding tax deductibility of compensation paid to our Chief Executive Officer and our four most highly compensated officers; however, the compensation committee intends to consider tax deductibility under Section 162(m) as a factor in compensation decisions.

[Table of Contents](#)

Section 409A of the Internal Revenue Code imposes additional significant taxes in the event that an executive officer, director or other service provider receives “deferred compensation” that does not satisfy the requirements of Section 409A. Although we do not maintain traditional nonqualified deferred compensation plans, Section 409A may apply to certain arrangements we enter into with our executive officers, including our change of control severance arrangements. Consequently, to assist in avoiding additional tax under Section 409A, our intent is to design any such arrangements in a manner to avoid the application of Section 409A.

Adjustment or Recovery of Compensation. We do not have a formal policy regarding adjustment or recovery of awards or payments if the relevant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of the award or payment.

Compensation Risk Assessment

The compensation committee believes that although a portion of compensation provided to our executive officers is performance-based, our compensation programs do not encourage excessive or unnecessary risk taking. In fact, the design of our compensation programs encourage our executives to remain focused on both short-term and long-term strategic goals, in particular in connection with our pay-for-performance business model.

Compensation Committee Report

The compensation committee oversees our compensation policies, plans, and benefit programs. The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the compensation committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

pursuant to such registration statement or, (ii) (x) the entire amount of registrable securities held by the Significant Holders are sold in a single sale pursuant to Rule 144 of the Securities Exchange Act and (y) the Significant Holders own less than 1% of the equity securities of the Company on a fully diluted basis.

Letter Agreement and Registration Rights Agreement with Altai Capital Management, L.P.

Letter Agreement

On November 13, 2014, the Company entered into a letter agreement (the “Altai Letter Agreement”) with Altai Capital Management, L.P. and its affiliate signatory thereto (collectively with any other affiliates “Altai Capital”), which collectively own more than 5% of our capital stock. The Altai Letter Agreement provided, among other things, for an increase in the size of the Board of Directors from eight to nine directors, for the appointment of Rishi Bajaj to fill the newly-created vacancy on the Board, and for certain standstill provisions relating to the purchase of ServiceSource securities by Altai and its affiliates. On May 31, 2016, Altai Capital ceased to own at least 10% of the Company’s outstanding voting securities. As a result, Mr. Bajaj resigned from the Company’s board of directors, and the standstill provisions expired under the terms of the Altai Letter Agreement.

Registration Rights Agreement

In connection with the Altai Letter Agreement, the Company and Altai Capital entered into a Registration Rights Agreement (the “Altai Registration Rights Agreement”), pursuant to which Altai Capital is entitled to demand registration rights. If Altai Capital requests in writing that the Company effect a registration that has an anticipated aggregate offering price to the public of at least \$15 million, then the Company will be required to register all registrable securities that Altai Capital requests to be registered, subject to certain conditions and limitations. The Company is required to effect only one registration if on a long-form registration statement and up to four registrations if on a short-form registration statement. Depending on certain conditions, however, the Company may defer any such registration for a specified number of days.

Under the Altai Registration Rights Agreement, Altai Capital is entitled to piggyback registration rights. If the Company registers any of its securities either for its own account or for the account of other security holders, Altai Capital is entitled to include all or part of its shares in the registration, subject to certain conditions and limitations.

Generally, all of the Company’s fees, costs and expenses of registrations will be borne by the Company. However, certain costs of any shelf registration statements, in addition to underwriting discounts and commissions, will be borne by Altai Capital. The parties shall provide customary indemnification of each other in connection with any registered offering pursuant to the terms of the Registration Rights Agreement. The registrable securities remain subject to the Altai Registration Rights Agreement until (i) a registration statement covering the registrable securities is declared effective, (ii) the entire amount of registrable securities held by Altai Capital are sold in a single sale pursuant to Rule 144 of the Securities Exchange Act, (iii) Altai Capital or its affiliates own less than 1% of the outstanding common stock of the Company, or (iv) the registrable securities cease to be outstanding.

Policies and Procedures for Related Party Transactions

We have adopted a formal policy that our executive officers, directors, holders of more than 5% of any class of our voting securities, and any member of the immediate family of and any entity affiliated with any of the foregoing persons, are not permitted to enter into a related party transaction with us without the prior consent of our audit committee, or other independent members of our board of directors if it is inappropriate for our audit committee to review such transaction due to a conflict of interest. Any request for us to enter into a transaction with an executive officer, director, principal stockholder, or any of their immediate family members or affiliates, in which the amount involved exceeds \$120,000 must first be presented to our audit committee for review, consideration and approval. In approving or rejecting any such proposal, our audit committee is to consider the relevant facts and circumstances available and deemed relevant to the audit committee, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction.

Section 16(a) Beneficial Ownership Reporting Compliance

Pursuant to Section 16(a) of the Exchange Act, our officers and directors and persons who beneficially own more than 10% of a registered class of our equity securities are required to file initial statements of beneficial ownership (Form 3) and statements of changes in beneficial ownership (Forms 4 and 5) with the SEC. Such persons are required by the rules of the SEC to furnish us with copies of all such forms they file. Based solely on a review of the copies of such forms furnished to us and/or written representations that no additional forms were required, we believe that during our fiscal ended December 31, 2015, all Section 16(a) filing requirements were satisfied on a timely basis.

SECURITY OWNERSHIP

The following table sets forth information as of March 1, 2017, about:

- Each person who we know beneficially owns more than five percent of our common stock;
- Each of our named executive officers;
- Each of our directors and nominees for the board of directors; and
- All of our current executive officers and directors as a group.

Unless otherwise noted below, the address of each person listed on the table is c/o ServiceSource International, Inc., 717 17th St., 5th Floor, Denver, Colorado, 80202.

We have determined beneficial ownership in accordance with the rules of the U.S. Securities and Exchange Commission. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 88,491,586 shares of common stock outstanding at March 1, 2017. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of common stock subject to options held by that person that are currently exercisable or exercisable within 60 days of March 1, 2017, and restricted stock units (“RSUs”) held by that person that vest within 60 days of March 1, 2017. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. Beneficial ownership representing less than one percent is denoted with an asterisk (“*”).

The information provided in the table is based on our records, information filed with the SEC, and information provided to us, except where otherwise noted.
